bgcolor:'#ffffff',width:'212',height:'70'});
```

For years, Bill Ryan has been successfully teaching clients how to build wealth. This success has encouraged Bill and the team to develop the Ryan Home Loans "Wealth Pack", presented in a professional, easy-to-follow format that new and existing customers can enjoy and, most importantly, benefit from.

The "Wealth Pack" is designed as a 12 month programme, structured to help you look at the key elements of creating and protecting wealth. To be used at your own pace, it consists of:

Workbook - outlining the simple steps to start your journey. It has checklists and simple forms to help assess your current financial position.

Budgeting Tools - budget forms plus a special discounted offer of simple budgeting software from the market leader, Quicken, to help you understand where your money goes and how to make savings to free up cash to invest.

"Five Steps to Success" CD Rom - this details the educational program previously only available in a one-on-one consultation.

"Cash Flow" CD Rom - containing the key factor to growing your wealth quickly - cash flow - and how to increase it via multiple streams of income.

Retire Young Retire Rich - this famous book by Robert Kiyosaki explains in everyday language how to retire early and financially secure.

Wealth Protection Services - you need to protect your wealth through appropriate insurance and a will. The Pack lists some of the best suppliers in the market, and includes some special offers and discounts negotiated exclusively for clients of Ryan Home Loans.

Read for Success - Bill has chosen 12 of the best self-improvement books for you to read over 12 months, by people who've done it - like Donald Trump, John McGrath and Jan Somers. Again, a discount is available.

Referrals Programme - as a "Wealth Pack" owner you have access to the Referral Programme - you'll receive a \$100 David Jones Gift Voucher for every successful referral you pass to us (after the settlement of the referred loan).
